

Box 1 (type 1)

Kuk finances and correspondence (*from filing cabinet, top drawer*)

- Account book for Kuk 1974 season
- Wahgi Project: Finance, circa 1972-1979
- Correspondence relating to the Wahgi Valley Project and financial contributors, 1977-1980
- Wahgi Appeal correspondence, 1977-1978
- Wahgi Appeal (Anne Fairbairn), 1976-1978
- Wahgi 1982
- File of correspondence and copies of articles, file labelled 'Journal of Human Evolution Volume (1980-81) on New Guinea (Bob Kirk)' Articles include: "Population Change and Distribution in Papua New Guinea: an Epidemiological Perspective," by I. D. Riley; "Dermatoglyphic Inter- and Intra-Populational Variation Among Indigenous New Guinea Groups," by Paul M. Lin, V. Bach Enciso and M. H. Crawford; "Linguistic PreHistory in the New Guinea Area," by S. A. Wurm; "Linguistic and Genetic Differentiation in New Guinea," by S. Serjeantson, R. L. Kirk and P. B. Booth.
- File of correspondence and copies of articles labelled 'Journal of Human Evolution.' Articles include: "The Ipomoean Revolution Revisited: Society and the Sweet Potato in the Upper Wahgi Valley," by J. Golson; "Kuk and the History of Agriculture in the New Guinea Highlands," by J. Golson; "Melanesian gene frequencies: a multivariate data-analytic approach," by John G. Rhoads.

Box 2 (type 1)

Kuk finances and correspondence (*from filing cabinet, top drawer, continued*)

- File of correspondence labelled 'Beginning of PNG Fieldwork,' containing additional folders labelled 'Lampert's N.G. Trip 1966' and 'Field Information – New Guinea' and 'Bismarcks'. Bismarcks contains, in addition to correspondence, an envelope with 5 slides showing stone artifacts.
- New Guinea - Ordering Equipment, correspondence and financial documents circa 1972
- Wahgi Project: 1971, containing general correspondence about the excavations, as well as administrative and financial correspondence and documentation
- Wahgi 1981, containing general correspondence on research topics, as well as some on administrative and financial matters.
- Wahgi Project 1973, containing correspondence
- Wahgi Project: Year DOT to 1972, containing correspondence, memos, administrative and financial documents from 1970-1973.
- Miscellaneous Kuk correspondence, featuring correspondence, financial and administrative documents dating to 1972
- Bundle of miscellaneous notes, largely on financial matters relating to Kuk

Box 3 (type 1)

Kuk finances and correspondence (*from filing cabinet, 2nd drawer*)

- Air Photos Wahgi, containing printed emails, correspondence, and aerial photographs and diagrams, 1955-2011
- Digging sticks- descriptions- to go with sticks in brown paper: containing notes, correspondence, photographs, and diagrams. Correspondence includes items from Naomichi Ishige, notes on double-ended paddle spades from C. D. Pullen (Patrol report No. 6, 1958-9, Koroba)
- Kuk records in Cambridge Museum
- Kuk survey data, General- includes some distribution maps. Also contains bundle of photocopied pages of "Level Book", index of Hughes records, and preparation for Burton's computerisation
- Kuk Survey Data Levels
- Folder with correspondence, printed emails, news clippings, and reports on a hailstorm in Kuk in 2007, from 2007-2012.
- Folder labelled Archives- Pacific Archives Papers (1) 1979, containing news clippings, CVs, correspondence, financial and administrative documents, mostly dating from 1979
- Wahgi Workshop no. 1, 11-12 September 1982: notes, correspondence, diagrams, charts
- Wahgi/Kuk – paper, reports: including: *Archaeological Investigations at Kuk Yea Research Station, Mount Hagen: an enquiry into the agricultural history of the New Guinea Highlands by the Department of Prehistory, Research School of Pacific Studies, ANU (1976)*; *The Wahgi Project 1972-?* by Jack Golson (April 1975); and *The Kuk Project During 1978 and 1979* by Jack Golson (undated)
- Archival Permissions & Data, consisting of correspondence (1976-1980), notes and photocopies of archival descriptions relating to the Papers of Michael Leahy, the Papers of W. R. McNicoll, Patrol reports and other papers of John Keith McCarthy, and the Allart Nurton Papers
- Kuk- Catalogue of Field Drawings, containing correspondence; notes relating to map datum points, plans and drawings; diagrams
- Kuk- plans- Catalogues of material stored in Win's(?) Room contains lists and catalogues
- Unmarked manilla folder containing draft of "Ethnographic Introduction" and another, smaller folder marked Kuk- working photographs, containing a list of photographs, but no actual photographs
- Unmarked manilla folder containing correspondence (1988) between Taylor and Lampert; followed by an interior folder labelled Discussions 1982 about early Kuk radiocarbon dates, containing notes and correspondence 1981-1982; followed by a second interior folder containing notes and diagrams, both originals and photocopies; and a final interior folder marked Kuk radiocarbon dates containing notes and correspondence, originals and photocopies.
- Kuk radiocarbon samples, miscellaneous documents, containing notes and correspondence, 1972-1980

- Kuk Samples Submitted folder containing notes and photocopies of Radiocarbon Sample Record Sheets

Box 4 (type 1)

Kuk finances and correspondence (*from filing cabinet, 2nd drawer, continued*)

- Folder labelled Kuk Wood Lucking, containing notes and documents including: Lucking's Identifications of Lower Timbers
- Kuk- Lucking, containing notes and charts on wood finds
- Kuk, Tim Bayliss-Smith, 1998-9 + 2001, containing correspondence, notes charts, and diagrams
- Bayliss-Smith 1996-1997, containing correspondence, notes charts, and diagrams
- Tim Bayliss-Smith, Kuk 1995, containing correspondence, notes charts, and diagrams
- Bayliss-Smith Q Systems 1990 A Blocks, containing correspondence, notes charts, and diagrams
- Kuk, Bayliss- Smith, containing correspondence 1979, and a copy of Prehistoric Soil Erosion in Britain: Evidence from Fen, Bog and Mire Deposits.
- Volcanic Ashes, Kuk and elsewhere in the Highlands, containing correspondence and notes, 1972-1982
- Tom Wagner & Kuk Ashes 1998, containing correspondence, notes, charts, diagrams and reports.
- Kuk- Blong, containing correspondence, notes, charts, diagrams and reports, 1972-1982
- Containing correspondence with Paul Gorecki, including articles, notes, diagrams, reports, maps and a photograph. Includes transcription of a Patrol Report, Minj 2-54/55 by R. J. Daugherty "South Wall Wahgi", and "The Stones of the Spirits"
- *Kuk, Harris (folder empty)*
- Kuk – Lampert, contains lists of samples (1972) and "Kuk (and some other) Samples Collected" by Jocelyn Powell (1973) and "Notes on Organic Samples at UPNG"
- Lucking- Kuk Seeds, containing notes, lists, and charts, including "List of Samples that contained no seed material, 1974-1975" and a photocopy of "Index of Seed Material"
- Lucking + seeds etc, containing 4 handwritten pages of notes
- Kuk seed file Laurie Lucking, containing original and photocopies of notes and lists of samples
- Kuk- Upper Wahgi Aerial Photographs, containing correspondence, 1971-1988

Box 5 (type 1)

Kuk finances and correspondence (*from filing cabinet, 2nd drawer, continued*)

- Kuk- Mortlock ?, a folder containing graphs labelled garden, swamp, and ecological habitat unknown, as well as a seed catalogue and a copy of a list of samples that contained no seed material, with handwritten notes
- Kuk, correspondence relating to seeds/wood, 1974-1984
- Lucking, seeds & wood, analysis and interpretations, containing notes, lists, and reports, 1975- 1977
- Kuk- Oldfield, containing handwritten notes, a report on cooking stones at Kuk, and a letter to Terry Bell from Jack Golson (1974).
- *Wahgi Dates, Thermoluminescence (folder empty)*
- Kuk, paleomagnetism, featuring notes, charts, diagrams and reports and correspondence with Oldfield, 1979-1990
- Powell, Kuk II: Analysis of Archaeological Samples, containing a photocopy of the Preliminary Report (1974) photocopies and original tables and charts
- Miscellaneous Powell, containing correspondence (1973-1983), "A checklist of Native names for plants of the Mt Hagen area, Papua New Guinea by J. M. Powell, and an appendix of Medlpa plant names and their botanical identifications with handwritten notes and corrections.
- Kuk, paleobotany (Powell), correspondence 1976-1984, and "Kuk (and some other) samples collected by Jocelyn Powell (1973) (marked R. Lampert in upper corner), and "Ecological and Palaeoecological Studies at Kuk I: Below the Grey Clay by J. M. Powell
- Powell- Mt Ambra: Stratigraphy & Pollen Analysis, report and tables, originals and photocopies
- Ambra Crater radiocarbon dates
- Lake Ambra radiocarbon dates
- Powell Samples, Kuk 1972
- Musa Phytoliths, 1998 (Doreen Bowdery)
- Kuk pollen, phytoliths, Hope & Wilson, Fujiwara, Bowdery, containing notes, correspondence, and reports, including "Phytolith Evidence from Kuk" by Wilson (1982); and "Phytoliths from Tropical Sediments: Reports from Southeast Asia and Papua New Guinea" by Doreen Bowdery (1998)
- Phytolith file 1999-on, containing printed emails and correspondence, notes and reports, 1986-2001, including a copy of "Phytolith analysis at Kuk, an early agricultural site in Papua New Guinea" by Samuel M. Wilson from *Archaeology in Oceania* (1985)
- Folder labelled Kuk- Rhoads, containing correspondence on trial counts of Kuk samples for carbonised particles from Geoff Hope, 1976
- Phytoliths, file relating to Motoji Ikeya and possible ESR dating of phytoliths
- Kuk – Rhoads, a file containing photocopies of articles by J. H. Troughton, J. S. Gaffney, A. P. Irsa, L. Friedman, D. N. Slatkin, Kenneth King Jr, K. M. Williams, and G. G. Smith, with hand annotations
- Bananas & Saccharum, containing correspondence, notes, photographs of samples, articles and reports, 1969-1991, including a "Preliminary Report on Silica Body of Plant in P. N. G." by Fujiwara (includes photographs); "Banana Germplasm" by K.

Shepherd; “The Papua New Guinea Biological Foundation’s Banana Collection at Laloki, Port Moresby, PNG” by Kenneth Shepherd and Francisco Ricardo Ferreira; and “Banana Clonal Description” by K Shepherd (1969)

- Folder marked “Pandanus ?” and “largely Donahue”, containing notes and correspondence
- Folder marked “Roger Simmons” and “Plants”
- Kuk- Steensberg- ROHN, containing correspondence between Golson and Rohn, 1978
- Kuk- Steensbergs Work, containing correspondence, photographs and diagrams of wooden finds, and reports

Box 6 (type 1)

General correspondence (*from filing cabinet, 3rd drawer*)

- Haibuga Marsh radiocarbon dates, containing correspondence, reports, photographs, drawings, and diagrams, 1974-1986
- Kindeng interviews, containing typed and handwritten notes and reports, “Kindeng: Stone Artefacts”; “Kindeng Archaeological Site: Interviews”
- Kindeng radiocarbon dates, containing correspondence and reports, 1970-1978
- Manim, containing a single photocopy of, “Report of Work Carried Out January-March 1980 on Carbonized Plant Remains from Manim, Western Highlands District, New Guinea” by Debra Donoghue
- Manim- Paleobotany, containing notes, reports, and correspondence, 1974-1981
- Alkena, containing photographs, reports, correspondence, charts, and diagrams
- North Wahgi Swamp, Blong, containing correspondence and “Interim Report on the geomorphology of the Gumants Basin” by Blong, 1971
- North Wahgi Swamp radiocarbon dates, containing Radiocarbon Sample Record Sheets, reports, notes and correspondence, 1971-1984
- The Tambul Spade xeroradiographs (W. R. Ambrose), series of xeroradiographs
- Tambul radiocarbon dates, reports, records sheets, notes, and correspondence 1980-1982
- Tambul file, containing reports, correspondence, diagrams, sketches, 1974-1995
- Envelope marked Phil Evans, Thin Sections of Timber, containing correspondence, negatives and prints of wood samples.
- Envelope marked Note & wood samples from Tambul, PNG (Tim Baylis-Smith), containing reports, and samples of ash and plants?
- Telefomin Radiocarbon Dates, containing a progress report from 1976 by Hope and Jorgensen, radiocarbon sample record sheets and reports
- Wanlek, notes on provisional stratigraphy
- Wahgi Project, additional archaeological sites, containing correspondence, photographs, news clippings, notes 1971-1987
- New Guinea Crop Research, correspondence and reports and articles, including first draft of “Sugarcane in Prehistory” by John Daniels and Christian Daniels; “Molecular

Methods for Detecting Genetic Diversity in Musa” by Robert L. Jarret; and
 “Observations on Musa Taxonomy” by K. Shepherd

- N. G. Food Crops Conference, correspondence and related papers, 1980
- N. G. Crop Research, containing “Project for the Investigation of Yams and Taro in Papua New Guinea” By A. Forge and “Proposed Research in Papua New Guinea” by Tim Bayliss-Smith
- New Guinea Crop Research, containing correspondence and information regarding the Food Crops conference, including abstracts
- Contacts for Agricultural History folder, containing photographs, notes, correspondence,
- West Irian (*green folder*), correspondence from Ronald Petocz, Project Leader for Irian Jaya, World Wildlife Fund
- Mortars and Pestles, containing photocopies of published material and handwritten notes
- Folder labelled New Guinea- Melanesia- Rock Art, containing draft of “Population and Migratory Movements in Australia and New Guinea” a contribution to the Symposium: “Rock Painters of the Pacific” by Graeme L. Pretty
- Melanesian Museum Resources, containing correspondence and descriptions of collections, 1971-1984
- Tom Dye- Tonga, containing correspondence and lists of artefacts
- Research Miscellaneous, correspondence 1966-1977
- Research file, Northern Australia- Cootamundra Shoals Expedition, reports, notes, and correspondence

Box 7 (type 1)

General correspondence

- White folder containing notes on stone artefacts, residue analysis worksheets, tables and charts, various lists of artefacts, including one labelled Kuk stones in which artefacts salvaged after the Weston Creek facility fire are noted, and a notebook labelled T. H. Loy Kuk Tools April 1991
- China Trip, containing correspondence and notes, 1982-1987. Also includes a copy of “A Study of the Animal and Plant Remains Unearthed at Ho-mu-tu” by Natural History Section, Chekiang Provincial Museum
- China contacts folder containing notes and correspondence.
- China folder containing undated notes circa 1982
- Japan, containing one notepad and one notebook with notes
- Japan containing notes and correspondence, 1982-1985
- Japan correspondence, containing correspondence, notes, and reports, 1983-1987
- New Caledonia, Christopher Sand containing correspondence, lists of publications of various researchers and their qualifications, 1997-1998
- Tindale & McCarthy, containing correspondence, notes, bibliographies, and CVs, 1979
- Personal bibliographies, folder marked with the following names: Brillwood; Craig; Flood; Kirch; Morwood; Pardoe; Swadling. Also contains additional folder labelled Muke and

containing a bound copy of “Univesti em I Go We?” and “A Background and Statement for the Vice Chancellor’s Position, University of Papua New Guinea.”

Box 8 (type 1)

Kuk papers

- Mantom documents for booklet, containing notes, photographs and diagrams
- X, Y, Z coordinated on stratigraphic pegs of Blong & Hughes
- Kuk drain stratigraphy and levels (Hughes)- B blocks
- Phase 5/6 notes for Bayliss-Smith et al 2005 Oceania Monograph 56
- McGrigor 1969 Kuk drainage survey report
- Second Wahgi Workshop Canberra 19-21 March 1985
- Oldfield and Yates mineral magnetic studies at Kuk report (1986 or later)
- Kuk C14 Dates, containing radiocarbon dates 2000 and earlier
- Kuk Early Man Site A9E, notes from Golson and Hughes
- Wahgi Valley/ Kuk Workshop Canberra 27 September 2002 (3rd Workshop)
- Between 2nd and 3rd Workshops, notes and correspondence
- Jocelyn Powell ecological report 1974
- Jocelyn Powell ecological report 1984 and correspondence. Notes on location of sampling tins. Reprints of publications, including, “Plant Resources and Paleobotanical Evidence for Plant Use in the Papua New Guinea Highlands”, “Traditional management and conservation of vegetation in Papua New Guinea”, “The Agricultural Field Trials, Studies, Extension and Monitoring Unit” all by J. Powell
- Kuk drain stratigraphy and levels (Hughes), A blocks
- Kuk drain stratigraphy and levels (Hughes), E blocks (in folder marked C, D, & E blocks)
- Kuk drain stratigraphy and levels (Hughes), D blocks
- Kuk drain stratigraphy and levels (Hughes), C blocks

Box 9 (type 4)

Photographic materials

Contains 9 boxes (*Ilford Photographic Paper*) of photographic materials, some of which had captions and identification, including:

- “Gorecki 1977 Aerials” (box size 24 x 30,5 cm, marked 4.1m ilfospeed glossy) – black and white aerials
- Unmarked box containing mostly aerial photographs (box size 24 x 30,5 cm, marked 3.1m ilfospeed glossy) black and white
- “Gorecki 1977 misc” (box size 24 x 30,5 cm, marked 3.1m ilfospeed glossy) containing photographs of people, trees, fields, and buildings, mostly black and white, some colour
- Unmarked box containing photographs of landscapes and people (box size 24 x 30,5 cm, marked 2.1m ilfospeed glossy), mostly black and white, some colour

- “Gorecki 1977 misc” (box size 24 x 30,5 cm, marked 0.1m ilfospeed glossy) containing photographs of landscapes and people, mostly black and white, some colour
- Unmarked box (box size 20,3 x 25,4 cm, marked 2.1m ilfospeed glossy) containing photographs of landscapes and fields, mostly black and white, some colour
- Unmarked box (box size 20,3 x 25,4 cm, marked 3.1m ilfospeed glossy) containing agricultural photographs, mostly black and white, some colour. A note has been placed in the box stating that Sue Bulmer borrowed photographs of pigs for a paper in 2004, and was to write to Paul (Gorecki?) for permission to use
- Unmarked box (box size 20,3 x 25,4 cm, marked 5.1m ilfospeed glossy) containing photographs of landscapes, agriculture, buildings and people, some black and white, some colour
- Unmarked box (box size 20,3 x 25,4 cm, marked 3.1m ilfospeed glossy) containing photographs mostly of Golson’s 1977 dig, some colour, some black and white

Box 10 (type 1)

Loose photographs and notebooks (*from Kuk bookshelf*)

- Notebook- Carbon 14 Sample Book, Kuk 1974
- Notebook - P. J. Hughes Kuk 1975 bk 3, Drain B11 C/d, drain B12 c/d, drain A11 g/h, drain B12 d/c
- Notebook- Kuk Levels (converted) Book 1
- Notebook- Kuk Levels (converted) Book 2
- Notebook- Ash samples 1974
- Notebook- 1973 carbon and pollen sampling by Powell/ Rhoads
- Notebook- Photographic Records May/December 1972, black and white, box 163 Mt Hagen
- Notebook- Colour Snaps 1972, box 163 Mt Hagen
- Notebook- Kuk Plantation August 1972 (1)
- Notebook- Kuk Plantation August 1972 (2)
- Notebook- Photos Upper Wahgi 1973
- File of black and white aerial photographs. Most contain captions or descriptions written on reverse

Box 11 (type 1)

Loose photographs, notes, notebooks, and correspondence, mostly pertaining to the Steensberg Kuk wood catalogue and related documents

- Index cards, 1973-1966, with sample numbers and location designations, possibly wood finds?

- File of loose notes and lists, containing references to Steensberg catalogue, possibly wood finds?
- File of notes on wood finds and levels
- Notebook- W. Ambrose, box 163 Mt Hagen Wood Catalogue p. 1-70, Stone p. 71-100, with additional documents and notepads interleaved
- File of loose notes, notepads, and a photocopied list of stone finds at Kuk
- Manilla folder with three bundles of notes, "Stone finds", "From Field Books", and "Eastern boundary drain"
- Notebook- Jim Allen and Wal Ambrose Kuk Field Book, with additional documents interleaved

Box 12 (type 10)

Computer reports

- Loosely- bound navy blue portfolio of large format computer reports labelled Hughes/Blong
- Black marbled portfolio of large format computer reports labelled Golson/Rhoads
- Loosely-bound royal blue portfolio of large format computer reports

Box 13 (type 19?)

Site plans

- Red portfolio labelled Golson containing site plans, diagrams, and notes
- Blue portfolio labelled Hughes containing site plans, diagrams, and notes
- One mailing tube labelled Qasco Aerials Manton 1966? containing large rolled negatives of aerial photographs

Additional oversize materials from map drawers

- Hand drawn diagram of Kuk site, made from several sheets of graph paper taped together
- 6 diagrams and maps of Phase 5 excavations
- Joint Operations Graphic map, showing Markham, Papua New Guinea, scale 1:250 000
- Kindeng site plan 1968- Plan of North Platform scale 5cm=2m 1/40 (similar larger site plan of Kindeng in Bundle in map drawers)
- Sketch of Women's House at Mugatu
- Sketch of Men's House at Mugatu near Bukl, October 1973 2" = 1m
- Corflute mock up of page showing stone artefact
- Mock up of page showing map of Papua New Guinea with inset of Kuk area and plan of Kuk tea Research Station and photograph
- Map of Wurup Valley showing house platforms, buried sites, and rockshelters and caves
- Unidentified map (only writing is scale)

- Students drawing pad with sketches of artefacts labelled as Solomons- General collection and Shell; Display cabinet – Solomons; New Guinea; New Hebrides, New Caledonia, Fiji; Solomons- sherds; Solomons – Fox collection

Box 14 [originally Box 18 (type 10)]

Photographs, slides, negatives, and loose papers

- Manilla envelope labelled “Kuk Air Photos, nos 1-18 & negs” containing 18 prints
- Manilla envelope labelled “Air photo’s NwW-SE run 6 photos unnumbered”
- Photographic negatives, correspondence, maps, diagrams, PMB list for Ian Hughes Papua New Guinea maps
- Folder titled “Aerial Photographs Hagen Area- Key Diagrams from QASCO,” with contact sheet of photographs (not aerials) and maps
- White folder with notes, one aerial photograph, and one colour photograph of site.
- Green folder, “Kuk First Phase 2 Excavations, S Part Block A12c 1975” with notes, photocopies of diary, and diagrams
- Kuk 1972 Tibi Road N& S drains, notes and diagrams
- Folder labelled “After Pam, relevant to Phase 4”, 3 colour photographs with notations, 4 black and white photographs
- Folder labelled “Miscellaneous but some Important Qasco & Mapmaker aerials, Steensberg”, 2 black and white aerials, and 2 colour photographs
- Manilla folder containing notes and diagram labelled “Warrawau Mount Hagen Tea Growers Pty Ltd”
- White folder with 17 black and white aerial photographs and 13 smaller black and white photographs of artefacts and area.
- 2 bundles of black and white aerial contact prints and negatives
- Film negatives in Asahi Pentax Spotmatic envelope
- 3 boxes of slides

Box 15: Papers, photographs and negatives, plans

- White folder, Drawer #6 on right labelled “Awards/Grants” but containing diagrams of drains 1985-1988 of A10f/g, A10g/h, C9f/g, C9g/h
- Manilla folder, drawer #3 on right labelled Kuk
 - 1 shorthand notebook with notes
 - pink folder with notes, diagrams and maps and references to Ash Hills, Phase 2, and Kuk swamp basement hills and phase 1-3 channels
 - Brown folder Kuk GIS 2006 excavations, channels and drains, containing notes and diagrams
 - Victory exercise book with notes, “Kuk- Rhoad’s trenches 1974”
 - Loose notes, diagrams, and maps
 - Kuk area excavations folder
 - Manilla envelope labelled Kuk 1975 cuttings 10, 11, 16, 17, 21 and 23 following barets S of baret 7 in blocks A11g & h
 - Manilla envelope labelled GIS Phase 3 following baret 7

- Manilla envelope Kuk 1975 cuttings 14, 15, 18, 2-, 25-28 following barets S of phase 3 baret 7 in block A12d
- Manilla envelope 1975, cuttings 12, 13, 19 following barets S of Phase 3 baret 7 in block A12b
- Manilla envelope Kuk 1975 cuttings 7-9, 24 following barets N of Phase 3 baret 5 in blocks A11e and f
- Manilla envelope Kuk 1975 cuttings 1-6, 22, following phase 3 baret 7 across blocks A11e-A12b
- White envelope, Kuk 1975 cuttings A-D1 following phase 3 baret 5 across blocks A11h-A12b
- Manilla envelope GIS Phase 3 following baret 5
- GIS phase 3 cutting A11 and A12, 1975-1976
- Manilla folder drawer #3 on right
 - Manilla folder labelled “Kuk survey data distances” and “Kuk levels and chaining”
 - Manilla envelope labelled “1 Chronology of Drain Digging 2 Chronology of excavations” containing charts and notes on chapter 3
 - “Kuk GIS” containing information on Rhoads excavations (1974- B blocks), correspondence, and notes on excavations on Ru’s land, blocks A10d and A10c 1998-1999
 - Folder, cuttings 12, 13, 19 of A12b and cuttings 14, 15, 18, 20, 25-28 of A12d s of phase 3 baret 7
 - Level/ distance information 1972
 - Green folder Survey data for A blocks in detail and site in general
 - Small notepad with notations on A8-12
 - GIS Rhoads excavations 1974 A-blocks
 - Bundle of maps and diagrams relating to GIS of Phase 1 excavations 1975
- Padded envelope Kuk book illustrations from Kuk portfolio
- Brown portfolio, Golson reprint catalogue headings, containing notes and lists relating to Sunda and Sahul

Box 16: Papers, photographs and negatives, plans, CD-roms

- CD-Rom labelled “Weston Store Reports” and “Slides- Vanliam –M. Wilson” CD-Rom organised into 2 folders: Weston Store Report 1 (8 pdf files) and Weston Store Report 2 (2 pdf files)
- White folder containing photographs, negatives, and proof strips of site and ditches circa 1972
- Brown folder “Lucking Kuk wood”
- White folder from right map drawer #4 labelled Australian archaeology and Kuk. Contains a variety of documents including lists of photographs
- Folder labelled Kuk Swamp and Graphics, containing diagrams, Vectorbased Geo-datasets, correspondence, and notes on transects

- Blue folder labelled Kuk Swamp Dig Sites Done
- Manilla folder containing loose materials from drawers, including images of finds, diagrams and maps, correspondence, “Aerial Photography of Papua New Guinea: A Preliminary Report” by Chris Ballard (1985), photographic prints and negatives
- Manilla folder labelled “Ask Mary-Jane” containing notes, and diagrams measuring gamma rays in relation to site finds such as shell and bone
- Mock up of page showing map of Papua New Guinea with inset of Kuk (Fig 3) and diagram of Kuk Tea Research Station (Fig 4), and Plate 2 showing photograph of site
- Mock up of plate 3, showing photograph and diagram of find from Kuk
- 3 Mock ups (various sizes) of Figure 1: Densities of shell and bone per 100kg of excavated ground at Dori (upper and Mission (lower) and Figure 2: Densities of pottery and stone per 100kg of excavated ground at Dori (upper and Mission (lower)

From left #5 map drawer “Kuk”

- Materials from left #5 map drawer “Kuk”, including Sequence for Kuk pit, notes “To plot B9f/g”, notes on stratigraphic code for computer- above grey clay, folded diagrams of cuttings 76/6 & 5 and A12b 76/8, Early man site A9E, B&W photographs 1974, correspondence with Tim Denham, maps and diagrams of site A12a/b, A12 b/c, A11f/g, 3 maps of Kindeng 1968 N. platform, folded map of unknown location, envelope with 5 photographs of cultivation Kaugee Valley from Nancy Bowers, 2 black and white photographs of dig site, 2 diagrams of houses from Mount Hagen (1968-1972) by Wal Ambrose, diagram of canarium locations, diagram of A12b/c and A12c/d, diagram of Phase 5
- Folder with notes, “Ethnography- Pigs Manton’s 1977” with an attached photograph of wallow?

Box 17

- Bundle of slides labelled sheet 1, circa 1981
- 8 boxes/bundles of slides, 1 labelled New Caledonia, 1 labelled Muluaney, 1 labelled Irain Jaya slides- Bob Mitton
- Bundle of black and white photographs, most with captions of reverse
- Lock Clip file box labelled Lucking Kuk seed analysis punch cards

Box 18

- Box of slides, J. Specht, Watom Island
- CD Golson for James (Berkeley) featuring folders of TIFs and JPEG photographs and a pdf proof sheet of images from excavations, including of Jack Golson
- CD Kuk Disc II Kuk nomination images and docs (Tim)
- CD Kuk 04 J H Kuk Swamp
- CD NAA 50th with 97 JPEG files
- CD Colin Smart
- CD Kuk Batch 01 Batch 02 (case also labelled with “Golson Papuan Pasts”) containing images (TIF and JPEG) . These may be digitised images from slides

- Clear document holder with postit “My Disc” containing handwritten notes and CD: Kuk docs with Pam as of 6 June 2007
- Clear envelope, Jack Golson Nov. 6, 2009 from Richard Fullagar, containing CD: Fullagar chapter Kuk Book Nov 6 2009
- CD Ballard Kuk Book Paper marked with postit “Old version”
- CD Jack Golson for Kuk Book containing CD Phase 2 16/06/11 (originally also containing Phase 1 16/06/11, but moved to separate case)
- CD Phase 1 16/06/11
- Jack Golson for Kuk Book Tim containing CD Phase 3 16/06/11
- CD Ballard Kuk Book, with postit noting “Ballard file new version → but text superseded by “finalfinal.doc on Jack’s desktop
- CD case marked “Sue” with CD SB New Guinea Axes
- CD Kuk 04
- CD Lampert Proofs
- CD Kuk Batch 03
- CD Kuk images Nov 08 with note: 2nd set of colour images
- Correspondence regarding slides
- Manilla envelope “Schedules to go with DVDs to Philipe Tim Swamp Chapter Illustrations” with notes and photocopies of proof sheets
- Manilla envelope “Kuk stratigraphy B&W (residue) Colour (residue) containing photographs
- Manilla envelope, Swamp chapter illustrations, back-up of submissions to Darren, containing notes and photocopies of photographic proof sheets
- Folder, 1972 Wood Samples, information sent by L. Lucking 7/8/82; 1973 wood also
- Manilla folder Kuk wood file (see also seed file) containing notes and documents relating to wood samples, including one labelled “Wood Samples I Have Not Seen”
- White folder also contains correspondence, notes and a copy of a seed catalogue and a seed schedule.
