Additional deposit, Oct 1992

In Jan 1991 the ATWU amalgamated with the Pulp and Paper Workers Federation to form the Australian Timber and Allied Industries Union. In Feb 1992 the ATAIU, United Mine Workers Union and Building Workers Industry Union amalgamated to form the Construction, Forestry, Mining and Energy Union. The CFMEU has a divisional structure under which the old NSW Branch of the Timber Workers Union now operates as the NSW Branch of the Forestry Division of the CFMEU.

The bulk of this transfer was produced by the NSW Branch of the ATWU, but some of the documents in the subject files have been produced since the amalgamations and therefore the provenance may need correction in the final listing.
